Re: Voluntary surrender of Maine medical license

Dear Dr. Savadove:

As you are aware, on November 29, 2005, the Board received a report concerning you filed by a physician as required by the Maine Health Security Act, Title 24 M.R.S.A. § 2505.

On December 13, 2005, the Board reviewed the report and voted to initiate a complaint against your Maine medical license alleging that you engaged in an inappropriate personal and/or sexual relationship with a female patient. On January 3, 2006, the Board received a letter from you dated December 30, 2005, in which you stated that you were closing your office, retiring from practice, and stating, "I will not be seeking the renewal of my license and I wish to immediately surrender it."

On January 20, 2006, the Board sent you a copy of the complaint, together with a copy of the report from the physician, and instructed you to provide a written response to the complaint. On February 14, 2006, the Board received a letter from your attorney alleging that since you "surrendered" your license on December 30, 2005, that the Board lacked jurisdiction over you.

On February 15, 2006, the Board staff sent your attorney a letter informing him that: (1) you were subject to the jurisdiction of the Board, and that pursuant to Title 10 M.R.S.A. § 8003(5)(D), your tendered "surrender" of your Maine medical license was not effective "until accepted by a vote" of the Board; and (2) that the Board may refuse to accept your tendered license surrender since you were "under investigation or is the subject of a pending complaint or proceeding unless a consent agreement is first entered into." That letter also advised you to file a response to the complaint with the Board.

On February 21, 2006, the Board received a letter from your attorney, which did not respond to the allegations in the Board complaint.

Letter to Robert F. Savadove, M.D. Page Two March 21, 2006

On March 14, 2006, the Board voted to accept your tendered surrender of your Maine medical license, which you had renewed in July 2005 and was not due to expire until July 2007. Since you surrendered your license while under investigation for alleged sexual misconduct, the surrender of your Maine medical license is a final adverse action that is reportable to the National Practitioner Data Bank, the Health Integrity and Protection Data Bank and the Federation of State Medical Boards.

BPMC No. #06-141

#### ROBERT F. SAVADOVE, M.D., says:

On or about July 3, 1968, I was licensed to practice medicine as a physician in the State of New York having been issued License No. 101594 by the New York State Education Department. I currently reside at 321 Spring Street, Portland, ME 04102.

I am not currently registered with the New York State Education Department to practice as a physician in the State of New York.

I understand that the New York State Board for Professional Medical Conduct has charged me with one (1) Specification of professional misconduct as set forth in the Statement of Charges, annexed hereto, made a part hereof, and marked as Exhibit "A," based solely upon the State of Maine, Board of Licensure in Medicine, March 21, 2006, Letter "Re: Voluntary surrender of Maine medial license."

I have not practice medicine in New York state in many years and have, in fact, retired from the practice of medicine. I, therefore, am applying to the State Board for Professional Medical Conduct for an agreement to allow me to surrender my license as a physician in the State of New York, and request that the Board issue this Surrender Order.

I, hereby, agree not to contest the one (1) Specification set forth in the Statement of Charges (Exhibit A).

I understand that in the event that this proposed agreement is not granted by the State Board for Professional Medical Conduct, nothing contained herein shall be binding upon me or construed to be an admission of any act of misconduct alleged or charged against me, such proposed agreement shall not be used against me in any way, and shall be kept in strict confidence during the pendency of the professional misconduct disciplinary proceeding; and such denial by the State Board for Professional Medical Conduct shall be made without prejudice to the continuance of any disciplinary proceeding and the final determination by a Committee on Professional Medical Conduct pursuant to the provisions of the Public Health Law.

I agree that, in the event the Board grants my Application, as set forth herein, an order of the Chairperson of the Board shall be issued in accordance with same upon issuance by the Board, which may be accomplished by mailing, by first class mail, a copy of the Order to me at the address set forth above or to my attorney or upon transmission via facsimile to me or my attorney, whichever is first.

I am making this agreement of my own free will and accord and not under duress, compulsion or restraint of any kind of manner.

## DIRECTIVES APPLICABLE TO ANY MEDICAL BOARD LICENSEE WHO IS DISCIPLINED OR WHOSE SURRENDER OF LICENSURE HAS BEEN ACCEPTED

## APPROVED BY THE BOARD ON MAY 10, 2000

All licensees who are the subject of a disciplinary order of the Board are required to provide the information required on the Addendum to these Directives. The information provided will be maintained separately and will not be part of the public document filed with the Board. Failure to provide the information required may result in further disciplinary action for failing to cooperate with the Board, as required by N.J.A.C. 13:45C-1 et seq. Paragraphs 1 through 4 below shall apply when a license is suspended or revoked or permanently surrendered, with or without prejudice. Paragraph 5 applies to licensees who are the subject of an order which, while permitting continued practice, contains a probation or monitoring requirement.

## 1. Document Return and Agency Notification

The licensee shall promptly forward to the Board office at Post Office Box 183, 140 East Front Street, 2nd floor, Trenton, New Jersey 08625-0183, the original license, current biennial registration and, if applicable, the original CDS registration. In addition, if the licensee holds a Drug Enforcement Agency (DEA) registration, he or she shall promptly advise the DEA of the licensure action. (With respect to suspensions of a finite term, at the conclusion of the term, the licensee may contact the Board office for the return of the documents previously surrendered to the Board. In addition, at the conclusion of the term, the licensee should contact the DEA to advise of the resumption of practice and to ascertain the impact of that change upon his/her DEA registration.)

## 2. Practice Cessation

The licensee shall cease and desist from engaging in the practice of medicine in this State. This prohibition not only bars a licensee from rendering professional services, but also from providing an opinion as to professional practice or its application, or representing him/herself as being eligible to practice. (Although the licensee need not affirmatively advise patients or others of the revocation, suspension or surrender, the licensee must truthfully disclose his/her licensure status in response to inquiry.) The disciplined licensee is also prohibited from occupying, sharing or using office space in which another licensee provides health care services. The disciplined licensee may contract for, accept payment from another licensee for or rent at fair market value office premises and/or equipment. In no case may the disciplined licensee authorize, allow or condone the use of his/her provider number by any health care practice or any other licensee or health care provider. (In situations where the licensee has been suspended for less than one year, the licensee may accept payment from another professional who is using his/her office during the period that the licensee is suspended, for the payment of salaries for office staff employed at the time of the Board action.)

A licensee whose license has been revoked, suspended for one (1) year or more or permanently surrendered must remove signs and take affirmative action to stop advertisements by which his/her eligibility to practice is represented. The licensee must also take steps to remove his/her name from professional listings, telephone directories, professional stationery, or billings. If the licensee's name is utilized in a group practice title, it shall be deleted. Prescription pads bearing the licensee's name shall be destroyed. A destruction report form obtained from the Office of Drug Control (973-504-6558) must be filed. If no other licensee is providing services at the location, all medications must be removed and returned to the manufacturer, if possible, destroyed or safeguarded. (In situations where a license has been suspended for less than one year, prescription pads and medications need not be destroyed but must be secured in a locked place for safekeeping.)

## 3. Practice Income Prohibitions/Divestiture of Equity Interest in Professional Service Corporations and Limited Liability Companies

A licensee shall not charge, receive or share in any fee for professional services rendered by him/herself or others while barred from engaging in the professional practice. The licensee may be compensated for the reasonable value of services lawfully rendered and disbursements incurred on a patient's behalf prior to the effective date of the Board action.

A licensee who is a shareholder in a professional service corporation organized to engage in the professional practice, whose license is revoked, surrendered or suspended for a term of one (1) year or more shall be deemed to be disqualified from the practice within the meaning of the Professional Service Corporation Act. (N.J.S.A. 14A:17-11). A disqualified licensee shall divest him/herself of all financial interest in the professional service corporation pursuant to N.J.S.A. 14A:17-13(c). A licensee who is a member of a limited liability company organized pursuant to N.J.S.A. 42:1-44, shall divest him/herself of all financial interest. Such divestiture shall occur within 90 days following the the entry of the Order rendering the licensee disqualified to participate in the applicable form of ownership. Upon divestiture, a licensee shall forward to the Board a copy of documentation forwarded to the Secretary of State. Commercial Reporting Division, demonstrating that the interest has been terminated. If the licensee is the sole shareholder in a professional service corporation, the corporation must be dissolved within 90 days of the licensee's disqualification.

## 4. Medical Records

If, as a result of the Board's action, a practice is closed or transferred to another location, the licensee shall ensure that during the three (3) month period following the effective date of the disciplinary order, a message will be delivered to patients calling the former office premises, advising where records may be obtained. The message should inform patients of the names and telephone numbers of the licensee (or his/her attorney) assuming custody of the records. The same information shall also be disseminated by means of a notice to be published at least once per month for three (3) months in a newspaper of

general circulation in the geographic vicinity in which the practice was conducted. At the end of the three month period, the licensee shall file with the Board the name and telephone number of the contact person who will have access to medical records of former patients. Any change in that individual or his/her telephone number shall be promptly reported to the Board. When a patient or his/her representative requests a copy of his/her medical record or asks that record be forwarded to another health care provider, the licensee shall promptly provide the record without charge to the patient.

## 5. Probation/Monitoring Conditions

With respect to any licensee who is the subject of any Order imposing a probation or monitoring requirement or a stay of an active suspension, in whole or in part, which is conditioned upon compliance with a probation or monitoring requirement, the licensee shall fully cooperate with the Board and its designated representatives, including the Enforcement Bureau of the Division of Consumer Affairs, in ongoing monitoring of the licensee's status and practice. Such monitoring shall be at the expense of the disciplined practitioner.

- (a) Monitoring of practice conditions may include, but is not limited to, inspection of the professional premises and equipment, and Inspection and copying of patient records (confidentiality of patient identity shall be protected by the Board) to verify compliance with the Board Order and accepted standards of practice.
- (b) Monitoring of status conditions for an impaired practitioner may include, but is not limited to, practitioner cooperation in providing releases permitting unrestricted access to records and other information to the extent permitted by law from any treatment facility, other treating practitioner, support group or other individual/facility involved in the education, treatment, monitoring or oversight of the practitioner, or maintained by a rehabilitation program for impaired practitioners. If bodily substance monitoring has been ordered, the practitioner shall fully cooperate by responding to a demand for breath, blood, urine or other sample in a timely manner and providing the designated sample.
